

DO YOU HAVE TECHNICAL EXPERTISE REGARDING WEBSITES

Our Lady of Divine Providence family of parishes (formally known as S-7) is seeking volunteers for our website committee.

Now that we have our new name, we'd like to start building an online "home" for Our Lady of Divine Providence parish family. This will be a place where we can share activities and announcements that pertain to our new parish family. We're currently looking for members from each parish to form a team to work toward this goal. If you have experience with the technical aspects of website creation or ongoing website maintenance, we would love to have you as part of this team. Please contact Bill Rocklin - Bill.Rocklin@gmail.com.
